For all events more than one hour, add the entire number of educational time attended to determine the number of continuing education hours earned. Count conference sessions and pre/post dinner meetings as single events and add the entire number of educational hours attended to determine the number of continuing education hours earned for those events.*

*Note: When completing an application for C.P.M. recertification you can determine the number of C.P.M. points earned by adding together all continuing education hours and dividing by seven. CEU 31 March 08.doc*
